INSPIRED CHINESE ARMY CONTINUES TO BATTER INVADERS

RAPID PROGRESS REPORTED IN ERASING JAPANESE ADVANCE IN SHANTUNG

SHANGHAI, May 5.—(AP)—An inspired Chinese army claimed capture of Matowchen, walled town four miles northwest of Tancheng, as continued "rapid progress" was reported today in erasing the second big Japanese offensive in South Shantung province.

Matowchen was considered by Chinese commanders the key to Tancheng, which had become the southernmost point of the Japanese advance toward the Lunghai railway, 15 miles away.

Tancheng was encircled and beleaguered, Chinese said, though it had formed the east side of a salient until counteroffensives from the opposite corner at Talerh-chung apparently straightened out the battle line.

At the same time a sudden attack by General Miao Chen-Lieu's 57th army was reported to have driven the Japanese back toward Antungwei on the Yellow Sea, in a battle along the Shantung-Kiangsu border. The attack relieved the threat of a Japanese thrust from the north at Hachow, seaport terminus of the Lunghai railway.

Pressure was being increased on Tancheng by a reinvigorated army, which, qualified foreign observers on the war front said, had doubled its fighting efficiency and striking power since the attack on Matowchen and routed the Japanese from the shambles of Chapei in Shanghai, and from the central government capital at Nanking.

A month ago it struck decisively at Talerh-chung, forcing a Japanese retreat, the first major defeat of a modern Japanese army. The Japanese army recoiled, but gathered its forces, and greatly reinforced for a supreme effort to retake the town, renewed the drive to connect its seaboard conquest from Manchoukuo to Hangchow Bay.

Huge Army Barred Way

The Japanese took Lini, and reported their artillery within range of the Lunghai railway.

Negro Brothers To Die In Chair After Midnight

HUNTSVILLE, May 5.—(AP)—Two negro brothers are to die in the electric chair at state prison here a few minutes past midnight tonight.

Rosecoe Young was convicted of the robbery of a Longview man and Henderson Young of raping the man's wife.

The offenses were committed in Harrison county while the Longview residents were en route to Arkansas by automobile. The state board of pardons and paroles has denied clemency.

CREATION NATIONAL ECONOMIC COMMISSION TO INVESTIGATE MONOPOLIES BEING PROPOSED

WASHINGTON, May 5.—(AP)—Congressional leaders proposed creation today of a national economic commission to investigate monopolistic practices in business, in accordance with President Roosevelt's recommendations.

The commission, an informed person said, would consist of two senators, two representatives, the attorney general, the chairman of the Federal Trade Commission and the chairman of the Securities Commission.

Details of the investigation would be handled by the justice department, the FTC and the SEC.

The president, in his April 29 message recommended that \$500,000 be made available to these agencies for "a thorough study of the concentration of economic power."

The government must act, he said, "to preserve and make workable a free enterprise system of free private enterprise."

Some congressional leaders said they doubted that it would be necessary to spend the full amount, since much information already is available. Democratic Leader Barkley of Kentucky said he would request quick senate action on the resolution to set up the investigating board.

The commission would be instructed, it was said, to bring in at least a preliminary report at the opening of the next session of congress in January.

One of the first moves of the commission might be to call a conference of business and industrial leaders to get their suggestions on proposed legislation, one legislator said. The problem thus might be approached, by business and government in a cooperative attitude, he pointed out.

Shell Refinery Fire In Illinois Does Big Damage

EDWARDSVILLE, Ill., May 5.—(AP)—A spectacular oil refinery fire caused damage estimated by Shell Petroleum Corporation of \$1,000,000 before it was extinguished early today.

The blaze destroyed the compounding plant at Shell's Roxana refinery.

Fire Chief W. R. Tonerham of Woodriver to whom Louis Lehman, Shell official, gave the estimate of damage, explained destruction of expensive pumps and other machinery caused the chief loss.

Six fire departments from Madison county, Ill., cities assisted the Woodriver department in controlling the blaze with chemical equipment.

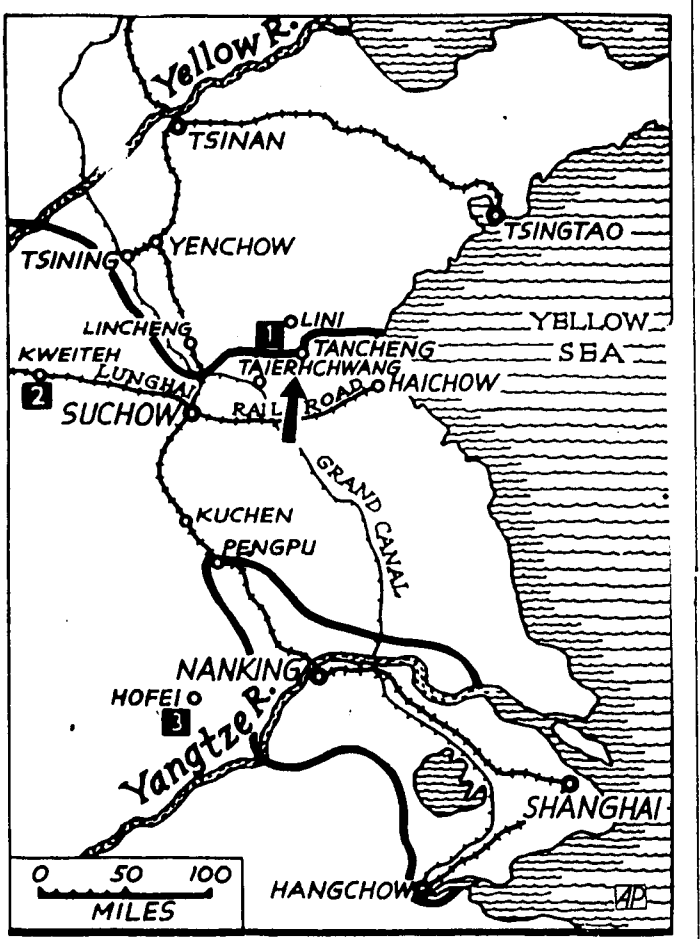

Exploding oil containers made close approach by firemen dangerous.

The lurid flames, visible more than ten miles, melted the steel framework of the building and left it a pile of twisted, glowing metal.

Only one serious injury was reported. Everett White of Woodriver received a serious eye injury and superficial burns.

Shell officials reported between 200 and 250 men were employed in the compounding department.

CHINESE REPORT BIG GAINS

Dispatches reported Chinese troops had made great advances on the southern Shantung front (arrow) and said Japanese lines had buckled under the Chinese onslaught. Tancheng (1) is the Chinese objective, while other Japanese troops were busy trying to take Kweitch (2) and Hoplei (3). Heavy black lines indicate approximate lines of battle.

SENATE COMMITTEE MEMBER SAYS MANY ECONOMIES BE MADE

AUSTIN, May 5.—(AP)—Senator Morris Roberts of Pettus, member of a senate committee studying state government finances, preparatory to drafting appropriation bills for the next biennium, said today preliminary investigation had disclosed many places where economies could be effected without impairing government efficiency.

The committee recently assigned each of its five members to study need of several state departments and Roberts has been delving into affairs of the health and insurance departments. Next week he will go into the public safety department.

Senator Harold Beck of Texarkana, another member of the committee, has been checking requirements of the general land office.

"There is no doubt in my mind many economies can be made without hurting the government," Roberts said. "Traveling expenses and maintenance costs such as stamps are examples. There also are some jobs that can be dispensed with."

The committee has its eyes on some of the higher salaries, he added, but does not contemplate cutting board.

HOLIDAY DECLARED BY MAYOR MURCHISON HONOR BOB CALVERT

LARGE CROWD EXPECTED TO HEAR CANDIDATE FOR ATTORNEY GENERAL

MAYOR JOHN S. MURCHISON Thursday issued a proclamation designating Saturday as a holiday honoring Robert Calvert, product of the State Home, candidate for attorney general of Texas, who will formally open his race here Saturday night at 7 o'clock.

The committee in charge of arrangements Thursday announced extensive advertisements had been sent to all sections of Central Texas and reports are that large delegations will be here for this occasion. Calvert is speaker of the House of Representatives, Texas legislature, and is representative of the Sixtieth district composed of Hill and Navarro counties. He now resides in Hillsboro and these two counties are joining in a huge celebration.

Calvert is scheduled to be at the Navarro Hotel Saturday afternoon.

Concerts by the Hillsboro and State Home bands will be staged prior to the meeting under the direction of J. C. Trimble, Corsicana bandmaster.

The proclamation issued Thursday follows:

Whereas, a son of Texas, in the truest sense, Robert Calvert, a product of the State Orphan's Home, of Corsicana, has won honors and attained usefulness as an outstanding lawyer and citizen of Texas, reflecting credit upon both himself and the Orphan's Home; and

Whereas, the people of Navarro county and Corsicana particularly take pride in Calvert's accomplishments and aspirations to further serve the State that reared and educated him, Now

Holiday Saturday.

Therefore, I, J. S. Murchison, mayor of Corsicana, do hereby declare a holiday in honor of Robert Calvert and declare our appreciation of his career and the fact that he opens his campaign for attorney general of Texas in Corsicana, Saturday, May 7.

As mayor I request our people to put on holiday dress and spirit. Think and talk Robert Calvert, greet visitors coming to hear his opening speech and make the occasion enjoyable for all.

As mayor I request our citizens (men and women) to hear and hear this young orator and statesman and pay homage to him and the institution in which he grew up and that commands our pride.

J. S. MURCHISON, Mayor, Corsicana.

ITALIAN NAVY IN DEMONSTRATION FOR GERMAN DICTATOR

NAVAL PANORAMA FIRST OF FOUR SPECTACLES SHOW ITALY'S WAR POWER

NAPLES, May 5.—(AP)—Thundering guns and churning propellers broke the calm of the Naples coast today as Italy's navy went into a magnificent demonstration of its prowess in honor of Reichsfuhrer Hitler.

A bright sun shone on the famous Neapolitan shoreline. Smoking Vesuvius in the background framed the blue sea, crowded with 200 fighting ships over which hovered squadrons of seaplanes.

In the center of the fleet that moved out of the gulf each warship attended by satellite craft, was the Italian battleship Vittorio Veneto, carrying Hitler, Premier Mussolini, King Vittorio Emanuele and their staffs.

Suddenly, submarines broke the surface on all sides of the fleet in mock attack and the warships thundered salvos at the "enemy" craft.

In another maneuver attacking torpedo boats shrouded themselves in smoke screens, darted from them to attack and fled to cover to escape counter-attack.

In the maneuvers was the navy vessel San Marco, a radio-controlled ship which has no crew. Her movements were directed from a nearby torpedo boat.

The vast naval panorama was the first of four great spectacles intended to show Hitler Italy's capacity for war.

The other three spectacles planned in honor of Italy's Nazi ally were a gigantic military parade later in the week in Rome, a sham battle at Anta Marinella showing troops in action, and a great aerial demonstration over Fubara.

Alliance Not Clarified.

Despite these demonstrations, however, the question of how close Italy and Germany might come to military alliance was clarified by spokesmen of either side.

Both denied such a pact would be concluded, although the general situation was said to be improving.

REPUBLICANS PLAN OKLAHOMA MEETING; HOOVER TO SPEAK

PLATFORM CONDEMNNS DEMOCRATIC STATE AND NATIONAL MEETINGS

OKLAHOMA CITY, May 5.—(AP)—Republicans here for a state "grass roots" convention today made final refinements in their platform and awaited a speech tonight by former President Herbert Hoover.

The platform condemned the democratic state and national administrations, expounded republican principles, and invited cooperative democrats to join the republicans in the current campaign.

Ross Rizley, Guymon, a former state senator, was considered likely to receive the convention's endorsement as a gubernatorial candidate.

Harry O. Glasser, Enid, also a former state senator, was looked on as a leading contender for the United States senate nomination.

Mr. Hoover's speech will discuss "The Dangerous Road for Democracy."

His address will be broadcast nationally (over CBS) beginning at 8 p.m. (C.S.T.)

The former president, accompanied by Arthur M. Hyde, former Oklahoma governor, will arrive here Saturday morning.

HERBERT HOOVER ATTRIBUTES FRANCE'S ECONOMIC PLIGHT TO ADOPTION NEW DEAL POLICIES

KANSAS CITY, May 5.—(AP)—Herbert Hoover, attributes France's economic plight to her adoption of new deal policies.

The ex-president, stopping here briefly en route to the public "grass roots" meeting in Oklahoma City, said today:

France is the only European state that is not prosperous today. The devaluation of the franc is only part of the general consequences of its having adopted the new deal two years ago.

"While other European nations tightened their belts and balanced their budgets, France went its own way. It didn't balance its budget, it began limiting production, lost its export market, prices increased and consumption dropped. One finds those conditions in France that hold true here."

In summarizing observations made on his recent trip to Europe, Hoover said England, Czechoslovakia, Holland, Denmark, Sweden, Norway and Finland are enjoying fairly prosperous economic conditions.

"There is no unemployment of consequence in any of the dictatorial governments, although their standards of living are lower than those of the democracies," he continued. "There are 370 million persons in Europe, excluding Russia. And I don't believe there are one half as many unemployed in Europe as there are in the United States."

He said he had discovered "no great enthusiasm" for the present administration's "pump-priming," adding:

"There are more unemployed today than when President Roosevelt's plans were announced. Hoover's only directly political comment concerned Sen. Claude Pepper's victory in the Florida democratic primaries on Tuesday. Of this he said, 'I don't know how the democrats could be satisfied with the election in Florida, when the new deal lost 35 per cent of its party vote.'

INQUIRY ORDERED INTO FIRE ABOARD BIG FRENCH LINER

LINER LAFAYETTE IN DRYDOCK AT LE HAVRE RUINED BY FLAMES TODAY

LE HAVRE, France, May 5.—(AP)—Minister of Merchant Marine Louis De Chappedelaine ordered an immediate inquiry into a fire which today ruined the nine-year-old French liner Lafayette in drydock here.

One version of the origin of the blaze was that a blow torch being used by an engineer in the hold ignited tanks of oil.

A report from London said it was understood the 25,178-ton liner was covered by insurance totaling between \$4,000,000 and \$5,000,000.

The fire smoldered in the hull of the Lafayette this evening, occasioning blazing from huge gaps in the superstructure where twisted steel beams stuck out like branches of a tree. Water was let into the drydock to keep the wreck from listing.

Meanwhile, a seaman's strike which has prevented the Champagnon from sailing for New York spread to two other ships operated by the Compagnie Generale Transatlantique—the 43,500-ton liner Ile De France and the 15,391-ton Colombia. All the seamen refused to work and left the ship.

De Chappedelaine had said he would take disciplinary measures against the Champagnon strikers.

The Champagnon will be laid up, the marine ministry announced. The strike prevented the ship from sailing, but passengers slept aboard with portholes shut by officers to prevent any intrusions.

Officers said this morning that the crew had forced indefinite postponement of the sailing in a deadlock in negotiations over demands for improved working conditions, including the design of their uniforms.

Passage Cancelled.

The passage was cancelled, leaving 1,000 passengers to seek other transport.

The double setback struck the line suddenly during the night.

FRENCH GOVERNMENT POSTED DEVALUED FRANC ON THURSDAY

STABILIZED AT 35.80 FRANCS TO THE DOLLAR AND 179 TO THE POUND

PARIS, May 5.—(AP)—The government announced today the franc was stabilized at 35.80 francs to the dollar and 179 to the pound.

The official announcement called the action "de facto stabilization." This was believed to mean the franc would be allowed to fluctuate above this level but would be held by the equalization fund from falling below it in conformity with Premier Edouard Daladier's pledge last night to the nation.

Before the announcement the franc had dropped to 35.50 to the dollar and 178.55 to the pound in trading, after opening at 35.70 and 178.5.

LABOR FEDERATION SEEKS PEACE WITH BUSINESS WORLD

OVERTURES RECEIVE APPROVAL OF U. S. CHAMBER COMMERCE DELEGATES

WASHINGTON, May 5.—(AP)—Lewis E. Pierson, chairman of the board of the Irving Trust Company, New York, today called on management and labor to work together on things "of common interests."

Pierson's plea came as informal approval was being given by many delegates attending the annual meeting of the United States Chamber of Commerce to American Federation of Labor overtures for a business-labor peace pact.

Pierson, a past president of the Chamber of Commerce of the United States was a delegate to the annual Chamber meeting.

In a statement issued independently of the Chamber proceedings, he said, management and labor are natural allies, not enemies and the well-being of one depends upon the well-being of the other.

"Private industry thrives and creates more jobs only when capital and labor work together harmoniously for the production of goods and services for the advancement of the American standard of living," Pierson said.

The Federation's inner governing body had spoken in much the same way—work-together tone.

"Labor invites industry to discard the weapons of industrial warfare directed against labor by employers' associations both now and in days gone by," the Federation's executive council said in a statement of its aims.

Regarded As Conciliatory.

"Unemployment can only be overcome through the creation of work opportunities for working men and women in private industry, x x x industry and labor should get together and seek to find a way by which the remedy for idleness can be applied."

The A. F. of L. statement was regarded as distinctly conciliatory by Chamber members, most of whom—like the Federation—have been critical of the National Labor Relations Board and John L. Lewis' C. I. O. There was speculation that the Chamber might make some response.

"The American Federation of Labor," the council's statement said, "is committed to the principle of private ownership, private initiative and the protection of the individual."

MEMBERS EXECUTIVE COMMITTEE HIGHWAY ASSOCIATION MEET

Members of the executive committee of the Texas Good Roads Association held their initial meeting of the new year Thursday at the Corsicana Country Club with Lowry Martin, recently elected president, presiding over the session. The annual membership meeting was held a few weeks ago in Austin and the Corsicana made president at that time.

An outline of the program of work for the year was developed at the Thursday meeting, and a budget of expenditures prepared.

Among those attending were Oscar Burton of Tyler, first vice-president; Joe Leonard of Galveston, second vice-president; Franz C. Gross, secretary, of San Antonio; Datus E. Proper, executive vice-president, San Antonio; Charles B. Simons, Austin, publicity manager and editor of "Texas Parade"; and Charles B. Shorter, financial secretary, Mex Starke of Seguin, third vice-president, was the only committeeman unable to be present.

Officials said the program and budget would be submitted to the thirty-one members of the board of directors within the next few weeks. Date and place of the meeting was to be determined Thursday.

EUROPEAN NATIONS THROWING BIG PARTIES IN AN EFFORT TO IMPRESS INTERESTED NEIGHBORS

DEWITT MACKENZIE Associated Press Foreign Writer. NEW YORK, May 5.—A very hyphenated best families of Europe's Garden City suburban developments are at it again—throwing big parties in an effort to impress not only the neighbors but each other.

Just as Nazi chieftain, Hitler, was riding through the gates of Mussolini's Rome into the blaze of splendor which represents the most magnificent entertainment ever accorded an individual, France announced details of a regal reception for the British king and queen in Paris next month.

France's premier, Daladier, perhaps to give further point to the royal visit, used his brand new dictatorial prerogatives to make a big increase in all the armed forces of his country. That, of course, far outshone Hitler's wearing of the dagger which his friend Mussolini had given him some time ago.

All of this display in Rome and Paris is naturally to advertise the supposed strength of the bond between Germany and Italy on the one hand, and France and England on the other.

The essential idea is to prevent any one of the powers misjudging the relations and starting a war, or trying to coerce another country on the supposition that the latter has no friends. As a matter of fact, huge military displays are being given on each program.

The trouble with this scheme as a peace measure is that it smacks very much of the boy and power than itself.

Winston Churchill, conservative, first lord of the admiralty when the world war broke out, bitterly attacked the agreement. He said that during the war "the dark forces of the Irish underworld tried to strike us in the back in the most critical stages."

"We are told we have ended the age-long quarrel between England and Ireland."

UNSOLVED MYSTERY SLAYINGS ARE LAID TO WASHINGTON MAN

MOTHER TELLS OF FOUR GRUESOME MURDERS SHE SAYS SON COMMITTED

WALLA WALLA, Wash., May 5.—(AP)—Smiling and chatting with her guards, 72-year-old Mary Eleanor Smith, walked across the prison yard today to confront her son and fellow convict, De Casto Earl May, 43, with her story that he killed and dismembered James Eugene Bassett at Seattle 10 years ago and she helped dispose of the body.

Authorities withheld details of incriminating statements they said she made about her son in connection with long unsolved deaths of two men and a woman in Montana.

Authorities in Seattle asked immediate release of Mrs. Smith, who completes her grand larceny sentence Monday, so she may aid them in hunting parts of Bassett's body. King county Prosecutor B. Gray Warner said he hoped for an early trial.

Police said they did not expect the stolid May to make any admission even after hearing his mother repeat the story, she told Warden J. N. McCauley yesterday.

They indicated they would not go into the Montana cases but would center their attentions on the hammer-slaying of Bassett, naval civilian employe and wartime army flyer.

Prison officials said Mrs. Smith involved her son in intercepted letters to a San Franciscan she planned to marry, to state patrolman who said he posed as a clergyman to gain her confidence.

Contents Not Revealed

John M. Schermer, chief deputy prosecuting attorney, said that Ernest W. Yorla, Seattle detective chief, said contents of all the notes would not be revealed immediately.

The letters named the victims as Mrs. Ernest L. Casse of Butte, Mont., who vanished in 1923; Ole Larson of Anaconda, Mont., who disappeared in 1921, and a man.

State Charter Is Received By Fair Officials

A state charter has been issued to the Corsicana Livestock and Agricultural Show by Edward Clark, state fair director, after the state board of fair directors received Thursday morning.

The charter states the organization is not operated for profit but purposes to aid in the advancement of agriculture and horticulture through exhibits at intervals of stock and products of farms and gardens.

The certificate was dated May 4, 1938 and the charter runs for a period of fifty years.

Anglo-Irish Pact Debate Is Opened By Chamberlain

LONDON, May 5.—(AP)—Prime Minister Neville Chamberlain today opened debate on the Anglo-Irish agreement signed April 25 by telling a surprised house of commons that Britain "made large and impressive concessions to Eire (Ireland) without any corresponding advantages."

He said that in tangible things Ireland got much the better of the defense and financial portions of the agreement although the sections of trade would be "equally beneficial to both parties."

"To find our advantages, you must look outside the agreement and seek for those intangible, intangible, but nevertheless, invaluable fruits which have on various occasions in the past rewarded an unselfish act of generosity by a great and powerful country toward a state weaker and poorer than itself."

Winston Churchill, conservative, first lord of the admiralty when the world war broke out, bitterly attacked the agreement. He said that during the war "the dark forces of the Irish underworld tried to strike us in the back in the most critical stages."

"We are told we have ended the age-long quarrel between England and Ireland."

MAY LIFT BAN ON SHIPMENT OF WAR SUPPLIES TO SPAIN

CHAIRMAN PITTMAN OF SENATE COMMITTEE ASKS STATE DEPARTMENT FOR ATTITUDE

WASHINGTON, May 4.—(AP)—Chairman Pittman (D-Nev.) of the senate foreign relations committee today asked the state department whether it favored legislation to lift the ban on munitions shipments to Spain.

Pittman indicated that committee action on the Nye resolution to repeal the Spanish arms embargo, enacted January 8, 1937, would depend on the state department's attitude.

If the department declines to pass on the question, it was said, the resolution probably will be pigeonholed for the remainder of this session. One informed person predicted the state department would not force the interpretation in some quarters as muddling the complicated European situation.

The Nye resolution would permit the sale of war materials to either side in the Spanish conflict, but legislators agree the principal effect would be to give the Barcelona government a fresh source of supply. The goods would have to be shipped on foreign vessels.

President Roosevelt was reported to have told a group of churchmen recently he felt it would be futile to lift the embargo because he believed most shipments or arms to Barcelona side would fail to reach their destination. In proposing his resolution, Senator Nye (R-ND) said he was not interested in either cause in Spain, but was prompted by a desire to "right an injustice that reflects upon our government through departure from age-old principles."

BANQUET SPONSORED BY CITY COUNCIL PTA TUESDAY NIGHT WAS MOST ENJOYABLE AFFAIR

By JOHN SAM HASLAM

Newly elected officers of the City Council and six school Parent-Teacher associations were present at the annual banquet Tuesday evening in the high school cafeteria, with the principal address being made by R. E. Jackson, professor of the department of government at TSCW, Denton. The City Council sponsored the banquet, honoring the faculty, the school board and officers and members of the local units.

Mrs. Jack H. Roberts, president of the Council this year, presided. The invocation was pronounced by J. H. Sullivan, member of the board, after which dinner was served.

Mrs. Roberts expressed her gratitude for the privilege of being president of the Council, and thanked the board of education, Superintendent W. H. Norwood, officers of the Capital and other local units for assisting her in a successful year. Several phases of the work, including the parent study groups and the free food fund were referred to by Mrs. Roberts before presenting Miss Margaret Lowry, chairman of the evening's program.

Miss Lowry presented Miss Christine Jackson in two soprano solos which were written by Miss Margaret Sullivan and Miss Thea E. Byburn. Miss Sullivan's composition was "The Mournful Heart," and Miss Byburn's was "Tango." The composers accompanied Miss Jackson at the piano.

Dramatic Sketch. Miss Winkle Pierce presented a group of high school students in a melodramatic sketch, "The Agin 'Er," which had been directed by C. T. Dickinson, high school teacher. Those taking part were Peggy Ann Levi, Dorothy Love, Eugene Rice, Cullen Dunn, and Ben Blackmon, with Miss Pierce playing the accompaniment for the finale.

Dr. J. Wilson David led in the singing of two songs, with Miss Pierce playing the accompaniment. Mrs. Roberts introduced Superintendent Norwood, who spoke briefly about the past year's school work. Superintendent Norwood said no drastic innovations had been made in the method of teaching, but the revised curriculum work had been carried out. The curriculum had been changed, he said, with the view in mind of giving the students a type of training to meet the needs of changing times and one that fits all types and aptitudes of students. The teachers, he continued, have been co-operative and have improved themselves. In conclusion, Superintendent Norwood summarized the past year as having been worthwhile and wholesome.

Officers Presented. At this time Mrs. Roberts presented the newly elected officers of the City Council, Mrs. Lynn A. Wortham, president, Mrs. D. G. Dunbar, vice-president, Mrs. Richard Scott, secretary-treasurer. She then introduced this year's presents of the local units, who in turn introduced the newly elected presidents, and other officers, including the following:

Speaker Introduced. W. P. McCammon introduced W. P. McCammon, president of the board of education, who presented Mr. Jackson. Mr. McCammon said Mr. Jackson is professor in the department of government at TSCW, Denton and he was happy to have him address the banquet because "we feel that the school he represented is a part of Corsicana, because so many Corsicana girls have gone there and because the Corsicana schools have so many of its graduates on its faculty."

"Sensible Parents and Teachers" was the subject chosen by Mr. Jackson. He kept his audience either chuckling or laughing heartily by his stories, jokes and puns, which brought out a very definite philosophy, including some of these ideas:

"We as teachers and parents take ourselves and life in general too seriously—the profession of teaching and life itself has been going on a long time, and will continue to do so after we are gone."

"If we keep up with the progress our children make scholastically and socially it is going to keep us busy, and I urge you to keep up with them. It is a big job to do the best you can with what you have."

"Let us thank God for the minds we have."

"Teachers ought not take a 'holier than thou' attitude toward their students, and say 'this is right and you must learn' because the book says so. Try to be human teachers and parents and apply a little common sense now and then."

"Don't lean on your hoe handles—the termites will get you."

"Remember your mistakes and don't make them a second time."

"Be liberal in your interpretations of the acts of others."

Mrs. Roberts thanked the following committees for their work on the banquet:

OFFICERS ELECTED FOR ENSUING YEAR BY CIVITAN CLUB

STUDENTS FROM JEWEL ALBRITTON STUDIO PRESENTED PROGRAM

The 1938-39 officers of the Civitan club were elected at Thursday's luncheon meeting of the club at the Navarro Hotel, and will all be officers at the May 11 meeting. A group of students of Miss Jewel Albritton, teacher of dancing and expression, gave the first part of the program, and the club honored Mr. Black, one of its members who has been transferred to Llano as manager of the Texas Power and Light company.

Officers elected were O. F. Allen, president; N. Suttle Roberts, first vice-president; Lloyd K. Carraway, second vice-president and Jack Paul, secretary and treasurer. The report of the nominating committee was made by Robert Cason, and the slate was elected unanimously. The club gave Mr. Carraway, secretary, a rising vote of thanks for his splendid work in winter office.

F. C. Paul and Paul Robeson had charge of today's program and President Ed Wendorf appointed Russell A. Purfoy and O. E. Douglas as next Tuesday's committee.

Rev. E. T. Miller, club chaplain assisted by President Wendorf and Secretary Carraway, initiated two new members, John H. Sullivan and Tom Eady.

Mr. Paul introduced G. H. Brown who eulogized Mr. Black, and on behalf of the club extended him his every respect, and Black responded and said he will leave Corsicana, but is happy to have a promotion with the company. F. H. Harvey, Jr., local manager of the Texas Power and Light Co., a visitor today, commented upon Mr. Black's fine work here, and said he was loyal and reliable in every respect, and the Corsicana office will have to see him leave. Irvin Robinson, Mr. Harvey said, will replace Mr. Black.

Miss Albritton presented her pupils in the following program: Charles Jackson Hardgraves and Patricia Scroggins, song and dance, accompanied by Mrs. C. J. Harshbarger.

Janice Walker, reading, Roy Halston and Peggy Jean Harwell, skit.

Kenneth Dickson, reading, Edna Harris and Darline Scroggins, tap, accompanied by Mrs. Jack Price.

Don Tekell and Donald Lake, tap duo, accompanied by Mrs. Price.

Ida Katherine Hodgen, two songs and tap dances, accompanied by Mrs. Price.

Peggy Zene McCrary and P. D. Fullwood, skit, "When Hanner Flays the Planner."

AUSTIN, May 5.—(AP)—Former Mayor P. D. Renfro of Beaumont was elected to the office of mayor of the city of Beaumont, Texas, after a close race.

The Beaumont club at the University of Texas planned to provide an escort to the office of Vann M. Kennedy, secretary of the state democratic executive committee.

Renfro reiterated he believed he could cooperate with the legislature in giving the state the same type of business administration he claimed for his four-year tenure as mayor of Beaumont.

During his administration as mayor, he said, Beaumont was pulled out of debt, city employees were given much higher salaries and vacations, and both valuations and the tax rate reduced.

"To effect any material economies," he said, "you must dig deep but it can be done."

The League of Texas Municipalities said he already had shaken hands with thousands of voters in nearly all parts of the state and would start his active speaking campaign "in about ten days."

"It looks now like I have as good a chance of election as anyone."

SPEAKER BANKHEAD SEES FLOOR FIGHT ON WAGE-HOUR BILL

PETITION ROUTE FOLLOWED AFTER RIGHT-OF-WAY NOT ALLOWED

WASHINGTON, May 4.—(AP)—Speaker Bankhead predicted today a majority of the house members would sign a petition to force floor consideration of the administration-supported wage-hour bill.

"On the basis of information I have received, I think that there will be a majority of the members sign the petition," Bankhead told newsmen.

Chairman Norton (D-NJ) of the house labor committee will file the petition Friday. She said she believed 218 members—a majority—would sign it in time for the controversial legislation to be called up for debate May 23.

Preparing to take action on another phase of President Roosevelt's program, the house agreed to start debate on the administration's omnibus lending-spending bill next Tuesday.

House leaders said they wanted to drive the bill to passage by a week from tomorrow.

The house rules committee rejected a similar bill to give legislative right-of-way to the wage-hour measure and Mrs. Norton said she "reluctantly" would be compelled to resort to the petition to obtain action this session.

A similar bill was brought before the house by petition last December but was recommitted to the labor committee. The present bill is the result of the committee work of revamping the original legislation.

The speaker said he would not sign the new petition.

"I never have signed a petition and I never am going to," he said.

Rayburn of Texas, the majority leader, recalled that he "waited a while" after backers of wage-hour legislation initiated the petition last December. He said he had not made up his mind what he would do this time.

Chairman O'Connor (D-NY) of the rules committee also declined to say whether he would sign the petition.

John L. Lewis telegraphed all members of the house and urged that the petition be signed on Friday, the day Mrs. Norton will offer it.

Criticizing the rules committee for refusing to give the legislation a preferred date, Lewis said in the telegram:

"Our nation is facing an economic crisis with grave social and political implications. Every American has a right to expect that the house of representatives, elected by the people, will not supinely permit its legislative functions to be challenged or strangled by a small group of eight wild debaters."

Public developments pointed to possible house action on the measure, its senate foes discussed precautionary strategy for the blocking of the bill should it win house approval.

Connally Challenges Borah. WASHINGTON, May 4.—(AP)—Senator Connally (R-Texas) told Senator Borah (R-Idaho) he was mistaken in his statement made in the senate that the Mexican War in 1846 was without justification.

The Texas said he could not let the remark go unchallenged and asserted the war started when Mexican troops crossed the Rio Grande after Texas became a part of the United States.

Connally said during the years of the Texas republic, Mexico had made repeated attempts to reconquer it. After Texas became a part of the United States, he said, Mexico did not agree on the Rio Grande as the border between Texas and Mexico but the United States did. When the Mexican army crossed the river, Connally said, it was met by United States troops.

Senate Endorsed Big Naval Bill

WASHINGTON, May 4.—(AP)—An augmented force of draftsmen and engineers bent over drawing boards at the navy department today, preparing designs for the 72 new ships authorized by the billion-dollar naval expansion program.

Their work was laid out for them by the senate's two-to-one endorsement of the bill yesterday. The house already had approved the measure, which makes

ADMINISTRATION IS VICTOR IN FLORIDA PRIMARY ELECTION

SEN. PEPPER, NEW DEALER, EASILY DEFEATS FOUR OPPONENTS

By The Associated Press. Renomination of Senator Claude Pepper of Florida gave the Roosevelt administration a victory today in the first 1938 primary test of the President's popular support.

Shortly after he easily defeated four other candidates in the democratic race, Pepper issued a statement calling on the people of his state to join forces with Mr. Roosevelt in restoring "a genuine and permanent prosperity."

The 37-year-old attorney, first chosen in 1936 to succeed the late Senator Duncan Fletcher, had been endorsed by James Roosevelt, the President's son and secretary.

In second place was Representative J. Mark Wilcox, who has opposed some administration measures and who called Pepper the President's "rubber stamp."

The vote in 938 of 1,376 precincts: Pepper 152,007; Wilcox 78,403; Former Governor Dave Shultz 13,401. Two other candidates polled scattering votes.

Allen Walker of Winter Haven led Thomas Swanson of Fort Lauderdale in the Republican senatorial primary.

The Florida democratic contest was the only one in four state primaries yesterday which had any national aspects.

In Alabama, Senator Lister Hill was renominated without opposition. Another senator—70-year-old Herbert H. Hatcher of South Dakota—lost a three way contest for the democratic nomination to Former Governor Tom Berry.

J. Chandler Gurney, republican nominee in 1936, was well ahead in the republican senatorial primary, leading Governor Leslie Jensen and two other candidates. The South Dakota gubernatorial nominations went to Harlan Bushfield, republican, and Oscar Foshelm, democrat.

In the democratic contest for Alabama's gubernatorial nomination, Frank M. Dixon of Birmingham, advocating retention of the state liquor store system, led four other candidates.

HOUSTON, May 4.—(AP)—Mrs. Alma Musgrove, 26, was beaten and shot to death today at her home.

Captain George Peyton, of the homicide squad, with Detectives E. V. Evans and R. D. Langdon, went to the Musgrove home after neighbors had called that they had heard two shots.

Her husband told Captain Peyton that his wife was shot accidentally.

SEXTUPLETS BORN TO CUBAN WOMAN FAIL TO SURVIVE

HAVANA, May 5.—(AP)—Dr. Roberto Fonseca, director of a hospital at Bayamo, Oriente province, telephoned to Havana today that a farm woman near Bayamo had given birth prematurely to seven children but none had survived.

He said he had visited the woman but had not seen the children, because the midwife had disposed of them before his arrival. The birth, he said, occurred Monday, after only three months gestation.

The woman's name was given as Rafaela Castro, 30 years old. She was recovering.

Bayamo is in extreme southeastern Cuba, 35 miles inland from Manzanillo.

Earlier Col. Fulgencio Batista, chief of the army, on receipt of reports that sextuplets had been born, had sent an army physician to the Bayamo district to investigate.

HITLER

(Continued From Page One)

eral staffs of both countries have cooperated closely for many months.

The business end of Hitler's visit thus far had touched only on colonies in conversations between the two leaders. It was said, with Hitler doing most of the talking as he explained his desire for restoration of war-torn possessions.

The overshadowing political question, however, was whether Hitler would discuss Czechoslovakia with Mussolini, and seek his agreement to the union of Sudeten Germans in that country with Germany.

Taken for granted was the assumption that at conclusion of their conversations they would reiterate their friendship for Japan and their opposition to communism, though this opposition did not hinder Mussolini from giving his approval recently to the Mantreux convention, which among other things gives Soviet Russia's shipping access to the Mediterranean through the Dardanelles.

The house cheered this statement. Approval of the agreement in a vote expected tonight was considered a foregone conclusion.

Right to Organize.
"Working people must be accorded the right to organize and bargain collectively. The highest wages which industry can afford should be paid and a fair return upon legitimate investments to these who own private property must be freely conceded."

Besides considering labor-business relationships, the Chamber delegates were advocating closer co-operation between government and business.

George H. Davis of Kansas City, the organization's president, said in an interview that elimination of the wage-hour bill and a change in the "one-sided attitude of the National Labor Relations Board" were steps which the government should take to prove its desire to co-operate with industry.

Business men, Davis said, primarily are worried over four things:

"First, too much government interference and competition with business.

"Second, inequitable and dangerously high taxation.

"Third, excessive government spending.

"Fourth, threats of still further government control and regulation."

Some Optimism.
Lee J. Dougherty, chairman of the resolutions committee, said that "for the first time in a long while, some of the business men at the convention are a little optimistic over the outlook of government-business relations."

They are beginning to have hopes that the government will let them alone, he said.

Francis E. Rothingham, president of the Investment Bankers Association of America, declared in a prepared address that continued "economic distress" in the United States "may bring about those conditions which can only be surmounted by the dictatorial method."

LONELY LEADER'S PROGRAM FOR A SUCCESSFUL LIFE*

Misunderstood by His Closest Friends, Jesus
Patiently Proclaimed the Principles of the
Good Life.

By WILLIAM T. ELLIS

"What terrible loneliness!" cried Carlyle, after meeting Queen Victoria. The truth is as old as the existence of great men in great places. Our present Sunday School Lesson sets it forth graphically and rather tragically.

To be patient with petty people, to acquire their viewpoint, to accept them as they are, and gradually to help them to become what they ought to be—that is the Jesus way, as set forth in this Lesson. It is the program of true greatness, which is forever tinged with the compassionate father spirit.

When You Are Not Understood Strong men do not often pour out their souls in search of sympathy. Yet to share the burden of one's spirit with a sympathetic friend is, at some time or other the desire of everybody. And that is one office of friendship.

So Jesus, after the Transfiguration, opened the floodgates of His innermost being to the little group closest to Him. They were His dearest friends, His intimates who would deny Him this boon of friendship, the confessional of comradeship? Therefore He unveiled to them the vision of a great future. He opened the vista of His intense feeling, and poured them upon the heads of His blundering friends.

Then it was that He declared, in deathless terms, the fundamental law of His kingdom: "Suffer the little children to come unto Me; forbid them not; for to such belongs the kingdom of God. Verily I say unto you, Whosoever shall not receive the kingdom of God as a little child, he shall in nowise enter therein." And He took them in His arms, blessed them, laying His hands upon them.

That law still runs. The child's kingdom is coming. The pre-eminence of our schools, and the multiplicity of laws attuned to child welfare, and the marvelous growth of the Sunday School are indications of the present fulfillment of the words of Jesus. The parish and the Sunday School teacher have a great and noble part in working out this Christ-ideal. They are factors in the kingdom of heaven and in the kingdoms of earth, for they are dealing with the stuff of which states are made.

Observe how well Jesus behaved. The overwhelming burden on His soul, and the unappreciativeness of His friends, and the embittered Jesus, nor blind Him to the life about Him. Our sorrows and our joys may not be permitted to eclipse our neighbors' needs. Nothing can be an excuse for forgetting other people.

The Squabbling Saints. If in all Capernaum that day there was any really good society, any spiritual perception, any Christ-likeness, we surely would expect to find it among the Twelve. Their leaders were still under the spell of the Transfiguration. All of them had heard the agonized self-revelation of their Leader, as He had talked of His approaching death and resurrection. He turned to them for sympathy—and found them squabbling over their relative greatness! There are few scenes in the New Testament more tragic than this.

This is the supreme heresy of our day. None of the doctrinal errors with which the ancient Church Councils dealt is comparable to it. A layman or a minister of a church, setting himself up to have the pre-eminence—what else is this than the repudiation of the life and words of Jesus? No schism caused by belief or disbelief is half so hurtful to the kingdom. Thus to deny the sovereignty of the Lord Jesus over our own spirits is worse than to deny His divinity. Those contentions, ambitious, self-seeking, Christ-forgetting disciples were the first exponents of religion's greatest heresy.

A Prescription for Success. Nothing is more needed in a democracy than the ideals of Jesus. His counsel is fundamental: "If any man would be first, he shall be...servant to all." There we have the soundest advice upon "success" ever given. That teaching works. In fact, like all the other truths He sets forth, Jesus embodied this in His own life before He put it into words. He proved it.

That door is open to every one. * The Sunday School Lesson for May 8 is "Co-operation in Service."—Mark 9:30-41.

Happy Parents of

Pretty Baby Girl

Mr. and Mrs. Joe Holladay of Woodlake are the parents of a fine baby daughter who made her arrival at the Navarro Clinic Monday, May 2, at 11:30 a. m., and tipped the scales at 8 1/4 pounds.

Mrs. Holladay was formerly Miss Gwendolyn Estes of this city, daughter of Mr. and Mrs. R. B. Estes, 413 West Collin street.

Mr. Holladay, who is a member of the faculty of the Woodlake High school, and his mother, Mrs. Z. T. Holladay, of Venus, arrived in Corsicana just about noon for this auspicious event, as this is the first grandchild on both sides of the family.

Heartiest congratulations are extended to the happy parents and grandparents by their host of friends here and elsewhere.

Two items of interest to Corsicans noted in last week's Dallas and Texas Fifty Years Ago, columns was one from Dallas on Saturday which told of Miss Carrie Fisher entertaining on Thursday afternoon with a "kaffee klatch" at her home on Browder Street in compliment to her guest, Miss Claytie Gibson of Corsicana and another earlier in the week which stated that Alex Fox, one of Corsicana's leading business men, has contracted with J. R. Minor, architect, for the erection of a handsome residence on Pecan street, at the corner of White.

Miss Gibson, who was the daughter of the late Mr. and Mrs. J. S. Gibson, and sister of Miss Mollie Gibson, later became Mrs. LeGrande Woods of Sherman.

Mr. Fox was the father of Mrs. T. J. Hickey, and the home mentioned is now the Hickey apartments on West Fifth Avenue and North Thirteenth street.

LOYAL SOUTHERN METHODISTS ASKED STAY IN CHURCHES

BIRMINGHAM, Ala., May 5.—(AP)—Organized laymen fighting unification of North and South Methodists today asked "loyal Southern Methodists" to remain in their churches until a civil court ruling has been obtained.

Transfer of the case into civil courts was planned by the laymen's organization for preservation of the Southern Methodist Church after the highest ecclesiastical judicial of the Methodist Episcopal Church, South, held the present "plan of union," adopted overwhelmingly by the Southern General Conference, was legal.

At the same time, the lay group announced appointment of G. S. Sells, Atlanta attorney, to lead a challenge to the judicial council decision that upheld merging of the two churches.

The Methodist Episcopal Church (North) and Methodist Protestant Church have adopted unification. The conference re-elected to the judicial council four members whose 5-year terms expired this year.

They were: J. Stewart French, Bristol, Va.; A. C. Miller, Little Rock, Ark.; C. A. Park, Macon, Ga.; and M. A. Childers, San Antonio, Tex.

SINO-JAP

(Continued From Page One)

But barring the way was a Chinese army 800,000 strong, its lessons learned from the fighting at Lungtung and Nanking, better armed, with new equipment, fighting under more efficient staff direction and above all vastly encouraged by its victory at Taiher-chang when it punctured the legend of Japanese invincibility.

While Japanese superiority in artillery, planes and mechanized equipment was still a powerful advantage, observers on the front said Chinese were adapting their tactics to minimize their lack of equipment.

These tactics consisted of night attacks when the Japanese were unable to use their supporting arms efficiently in aid of the infantry, and maneuvering of the Japanese into the hand-to-hand combat.

In these close encounters, Chinese used hand grenades and big swarms and made their numerical superiority count, whereas the Japanese naval aviation was reported busy with bombing attacks upon the Lungtung railway and five important points along the Canton railway.

Chinese said a bombing attack by Japanese upon Kihwa, capital of Chekiang province, resulted in 40 casualties and many houses destroyed.

Guerrilla Warfare

In Peiping Area

PEIPING, May 5.—(AP)—The windows of this Japanese-held North China city rattled today to what military authorities called "bombing practice" as reliable foreign sources told of the approach of Chinese guerrilla forces to within a few miles of Peiping.

The guerrillas raided Langfang, less than 30 miles southeast of Peiping on the Peiping-Hankow railway, last week and today were reported near the Peomachang race course southwest of the city.

The "bombing practice" started yesterday. All roads to the Marco Polo bridge area where the Chinese-Japanese war broke out last July 7 were closed to general traffic.

Yesterday Japanese planes were seen dropping bombs on the hills beyond Marco Polo bridge, 20 miles southwest of Peiping. Today's bombing was much closer, estimated at within five miles of Peiping's walls.

Foreigners were unable to investigate the situation.

Army headquarters reiterated a warning that nationals of third powers in areas occupied by Japanese forces would lose protection of their lives and property if they communicated military secrets to the enemy.

The army statement said some third power nationals, through "misdirected sympathy," were disregarding a similar warning of last October.

Japs Invoke New Law

TOKYO, May 5.—(AP)—The Japanese government today invoked part of the so-called "new model" national mobilization law, giving the government unlimited power to draft Japan's manpower and economic resources in a war emergency.

The invocation was a concession to army leaders, who demanded use of the measure to intensify the campaign in China.

The imperial ordinance promulgating the law was printed in the official Gazette completing the last legal formality. It applies to Japan proper, Korea and Formosa.

Premier Prince Fumimaro Kono yesterday passage of the law in the March sitting of parliament, but had promised it would not be used in the present conflict unless the military situation became serious enough to warrant.

The invoked sections require police registration of all adults and empowers the government to examine reports of any business.

WASHINGTON, May 4.—(AP)—Jesse H. Jones, chairman of the Reconstruction Finance Corporation, told business men and bankers today that "if banking is to remain in private hands, it must meet the credit needs of the country."

Jones spoke at a round table discussion on capital requirements of business before delegates to the 26th annual meeting of the U. S. Chamber of Commerce.

"There is a bill now before congress to have the government take over the Federal Reserve Banks," Jones said. "Whatever the outcome, it is a live subject, and if banking is to remain in private hands, it must meet the credit needs of the country."

Mrs. Middlebrook read a list of all who had helped with the punno fund and expressed her thanks to all for the co-operation extended to her as president of the organization.

Donations sufficient to erase the debt on the piano have been collected and the entire group expressed its appreciation for the new piano.

Delicious ice cream was served to the group by Mrs. Middlebrook.

In one of the numbers that the band has scheduled, kitchen chairs, scythes, sweet potatoes, saws and several other odd music producers will be used.

TWO ELLIS COUNTY PRISON FARM GUARDS CHARGED IN KILLING

WAXAHACHIE, May 4.—(AP)—Two guards at the Ellis county prison farm, B. B. Black and Hob McCallough, were in jail here today accused of slaying a prisoner.

County Judge C. C. Randle said Deputy Sheriff Ernest Dorsey signed a complaint in connection with the death of Cedel Lambert, negro, who died Saturday.

Judge Randle, who called a special meeting of commissioners' court and prompted disciplinary action against the management of the county prison farm, said he was informed Lambert was beaten with a belt, brass knuckles, tree branches and the handle of a sledge hammer.

Lambert, who was being held on a vagrancy complaint, he said, had complained he was too ill to work, the court was informed.

JACKSON OPPOSES GOVERNMENT PLAN COTTON CONTROL

HILLSBORO MAN LEADS GIN- NER DELEGATION TO MIS- SISSIPPI MEETING

GREENVILLE, Miss., May 4.—(AP)—Burris C. Jackson of Hillsboro, Texas, president of the Texas Cotton Association and head of a delegation of 50 cotton ginners making a study of cotton growing, ginning and fibre improvement at the Delta experiment station near here today, attacked the government's cotton program and made an appeal that cotton growers get together and oppose any further governmental "tampering."

"What cotton needs more than anything today," he said, "is less governmental tampering with production control and withdrawal of all efforts at price pegging, which have proved to be futile if not foolish. A general lowering of the tariff would help greatly and the reciprocal trade agree- ment program of Secretary Hull should be strongly supported by the entire South."

Jackson expressed belief that lower production costs, better sta- bles and competitive price would solve Southern cotton production problems.

Fifty ginners of Texas and a dozen or more from Arkansas, Louisiana, and Georgia are mak- ing a tour sponsored by East Tex- as Chamber of Commerce.

They will remain for a session of the Mississippi Cotton Ginners Association at Stoneville tomor- row.

MISSING GIRL IS DECLARED DEAD BY HIGH STATE COURT

SUPREME COURT HOLDS INA GOODSON, MISSING FOR 34 YEARS OFFICIALLY DEAD

AUSTIN, May 4.—(AP)—The Su- preme Court today held that Ina Goodson, who disappeared from her home at Beeville 34 years ago, is dead.

The holding was in a will case. Russell Goodson, cousin of the missing woman, was given her share of the estate of her moth- er, Mrs. Virginia C. Goodson, who died in 1910.

The court quoted as follows from a former opinion in the case:

"Ina Goodson disappeared from her home at Beeville about the year 1904, at the age of 18, and has never returned. Her where- abouts remained a mystery through all the years although besides the efforts of her family, the executor, advertised extensively for her in Beeville, St. Louis, Los Angeles and through other news- papers and through radio broad- casts."

"She has never been heard of except through apparently vague rumors, false gossip and vain speculation. To all intents and purposes she has been dead for years to the small world of her family and the environment and acquaintances of her known life."

Mrs. Goodson's will provided that in event her daughter, Ina, died without children, the prop- erty should go to Goodson.

"Under the facts of this rec- ord," the court wrote, "we think it ought to be presumed that this daughter died unmarried, and without issue."

State Claim Upheld Again.

AUSTIN, May 4.—(AP)—The state's claim to two tracts of land in Montgomery county again was upheld today by the supreme court.

The court refused motion of the Humble Oil and Refining company and others for re-hear- ing of the case in which the principal issue was location of the north boundary of the Ran- som House survey.

The Austin Court of Civil Ap- peals held the 5.23 and 7.62-acre tracts were vacancies and there- fore state property.

County Wins Retrial of Case.

AUSTIN, May 4.—(AP)—Throck- morton county today won a re- trial of its suit for \$1826.56 against Mrs. Lola Thompson, county treas- urer for several years, and her bondsmen.

The county claimed the salary drawn by Mrs. Thompson from 1929 through 1934 was \$1,826.56 more than authorized by the coun- ty commissioners' court. Both the trial and civil appeals courts held for Mrs. Thompson but the supreme court disagreed.

The states' highest tribunal overruled the holding of the ap- pellate court that the salary-fix- ing orders of the county commis- sioners were invalid.

"If Mrs. Thompson collected more than was due her," the su- preme court said, "the county is entitled to recover the excess un- less it clearly appears that the commissioners' court intended, in the exercise of its power, to mod- ify its orders and pay more than the amounts fixed therein."

Resignation NLR Board Members Is Asked By Senator

WASHINGTON, May 3.—(AP)—Senator Burke of Nebraska, one of the administration's severest democratic critics, called today for the resignations of the members of the National Labor Relations Board, charging they conceived of their duty to be the "compulsory unionization" of American workers.

Burke addressed a meeting of delegates to the annual conference of the United States Chamber of Commerce.

He asserted new personnel on the labor board would "greatly help to solve what he termed the 'deplorable situation' now exist- ing around the labor relations law. He declared some changes were needed in the law itself, including

a declaration of policy that it was intended to be fair to employers as well as to employees and also a provision giving courts concurrent jurisdiction with the labor board over labor questions.

Burke said the labor act had been designed "to promote industrial peace" but that in operation, "it has had exactly the opposite ef- fect."

KERENS, May 4.—(Sp.)—The regular weekly business meeting of the Baptist W. M. U. was held at the church Monday afternoon at 3 o'clock, with a goodly num- ber present. Opening with song, "Must Jesus Bear the Cross Alone?" Mrs. C. W. White, pres- ident, was in charge and reported the reports of the various com- mittees. Prayer by Mrs. J. C. Spurrier.

Just about two years ago the first of May the Hardys sailed for South America from the Kerens pastorate. Letters from either of them are always cherished by each and every one. The above letter was told of the Bible school they are conducting at the present time, and the difficulties under which they labor.

A report was heard from at- tendants at the Baylor univer- sity field day, Saturday, April 23, at which time 50 persons went from Kerens, including high school sen- iors, faculty members, interested friends and ex-students.

It was voted to send a box to Buckner Orphans Home in Dal- las with every organization of the W. M. U. contributing.

FORMER GOVERNOR STILL HOLDS OUT AGAINST PLEADINGS

IS APPRECIATIVE OF COM- PLIMENT PAID BY FRIENDS IN URGING HER TO RUN

AUSTIN, May 3.—(AP)—Former Governor Miriam A. Ferguson reiterated today she would not run for governor this year.

Some time ago she an- nounced she would not be a candidate, but more re- cently several mass meetings of friends urged her to reconsider.

"I want to thank the many friends all over Texas that have urged me to make the race for governor," she said.

"It is a compliment I shall never forget and I thank them from the bottom of my heart."

"However, after careful thought and consideration, I have de- cided not to make the race."

Apparently her statement, elim- inating renewed speculation over the intentions of herself and her husband, former Governor James E. Ferguson, definitely concluded any possibility there would be a Ferguson entry in the gubern- atorial contest.

After the mass meetings were held Mr. Ferguson called at- tention to previous declarations of his wife that she was not to be their friends to show whether sufficient demand for her candi- date existed to cause her to change her mind.

It had been said that Mrs. Fer- guson, who has been living quietly at her home in Austin since she retired at the end of her second term in 1935, had no de- sires to return to public life.

In previous statements the Fer- gusons had said that while they were in excellent health they did not care to undergo the strain of another strenuous campaign.

Much interest centered on the Fer- gusons' final decision because of their admitted political power in Texas, a potent force for many years.

To Participate In Politics.

Many believed the Fer- gusons would never seek office again but had definitely retired as candi- dates. Both have said repeatedly, however, they would always participate in politics as "good citi- zens."

Mr. Ferguson has not said who he favored among the gubern- atorial candidates, who number 12, but has indicated the candidates should first make it plain for what they stood.

In his weekly political paper, he has published a platform, the chief planks of which call for a sales tax to pay old age pen- sions for everyone over 65 years of age.

Mr. Ferguson, asked whether Mrs. Ferguson's state- ment meant she would not run, regardless of any demand which might develop, said "that is cross- ing a bridge before you get to it; the statement speaks for itself."

He added he was not ready to say whom he would support.

In view of Mrs. Ferguson's statement, the Fer- gusons' mass meeting scheduled to be held at Houston next Friday night was called off.

MOST BRILLIANT STAR BE VISIBLE SATURDAY, MAY 7

NEW YORK, May 4.—(AP)—The most brilliant star in 40 years, formed by the planets Venus and Mars standing apparently side by side, will be visible in the west- ern sky at 6:00 p. m., Central Standard time, May 7.

This will be the first time since 1898 that two major planets have come so close together. Astronom- ers say that without the aid of glasses the pair will appear to be one star. The time to begin watching the unusual approach is tomorrow night.

The two stars then will be close together, noticeably closer on the sixth, and on the two nights after May 7 will separate at the same rate as their approach. Venus is moving up from the sun, Mars down toward the sun.

Actually, in the heavens, they will be 80,000,000 miles apart. Mars will pass, at that distance, almost directly behind Venus.

Lovely Farewell Compliment Extended Mrs. L. I. Griffin

Mrs. John J. Bryant extended a lovely farewell compliment to Mrs. L. I. Griffin, who is moving to Austin in the near future, when she entertained Wednesday afternoon at her home, 1413 West Third avenue, a table of forty-two, the personnel having been drawn from Mrs. Griffin's close friends.

A profusion of lovely spring flowers added much to the attractiveness of Mrs. Bryant's home, which is one of the most admired in the city, the yellow and purple pansies in low bowls predominating in the living room and parlor where the game tables were arranged.

The lace laid table in the dining room was especially attractive with an old fashioned spring bouquet of grass flowers. Mrs. A. W. Rogers made the highest score and was presented a beautiful crystal vase which she in turn presented the honoree, and Mrs. Henry Braun, was awarded the consolation prize, a lovely handkerchief.

At the conclusion of the game the players were joined for refreshments by Mrs. J. A. McGee, Mrs. J. S. Murchison and Mrs. H. F. Marr. The hostess was assisted by her daughter, Mrs. Edwin Frederick of Dallas, in serving delicious cake and pink and white brick ice cream. Plate favors were miniature corsages of pansies.

During the afternoon plans were made for an enlistment campaign, winners to add 100 miles to the automobile race, a contest, waged between two factions, of the class.
